Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *Classified Business Directory* —listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A *"Yellow Section" or Buyers' Guide,* where the advertiser may explain in greater detail the services or products he has to offer.

5 A *Statistical and Historical Story* of your city; plus miscellaneous other information.

INTRODUCTION
AND
GENERAL INDEX

R. L. POLK & CO., publishers of more than 1,400 city, county, state and national Directories, present to subscribers and the general public, this the latest edition of the Astoria and Seaside City Directory.

Confidence in the growth of Astoria and Clatsop County's industry, population and wealth, and in the advancement of its civic and social activities, will be created as sections of this Directory are consulted, for the Directory is a mirror truly reflecting the community to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Astoria and Seaside City Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major department are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings--a catalog of all the activities of the area. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Astoria, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents, business firms and corporations for Astoria, Gearhart, Hammond, Seaside and Warrenton is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation, home owners symbol, telephone number and address of each adult resident of Astoria, Gearhart, Hammond, Seaside and Warrenton, and the name, official personnel, nature, telephone number and address of each firm and corporation in these cities.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE for Astoria, Hammond, and Warrenton is the third major department, printed on green paper. There is a similar

section for Seaside and Gearhart. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the number of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers, new householder symbols and zip code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY for Astoria, Hammond, Warrenton, Seaside and Gearhart is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site, and as an educational center. To broadcast this information the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Astoria and Clatsop County, for businessmen, everywhere realize that the City Directory represents a community as it really is.

The Directory Library

Through the courtesy of the publishers of the Astoria and Seaside City Directory, a Directory Library is maintained in the offices of the Chamber of Commerce for free reference by the general public.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Rest Homes--2.

General Review

Astoria and Clatsop County are rich in historic interest and importance. Early events occurring here had far reaching effects, eventually resulting in Oregon and the Pacific Northwest becoming a part of the United States instead of the possession of a foreign power.

Urged on by the desire to find a fabled "Northwest Passage" by water across the North American continent, Spanish and British ex-

plorers had sailed along the Oregon and Washington coastline, but the Columbia River was not discovered until 1792, when Captain Robert Gray of Boston entered the river and named it after his ship, the "Columbia."

In 1804, President Jefferson appointed Captains Meriweather Lewis and William Clark to head an expedition across the western plains and mountains to the Pacific Ocean. Lewis and Clark explored the Lower Columbia region and spent the winter of 1805-1806 at Fort Clatsop, near Astoria.

Fort Clatsop, a national memorial park, the 1805-06 headquarters of Lewis & Clark near Astoria was rebuilt in its exact replica in 1955, and is one of the finest tourist attractions on the Pacific Coast today. Located on the exact site of the original fort, 3 miles east of Highway 101 between Astoria and Warrenton.

In 1810, John Jacob Astor of New York, organized the Pacific Fur Company to engage in the fur trade on the Columbia River. This company sent the ship "Tonquin" by sea and another party overland, the two to meet at the mouth of the Columbia River. The men in the "Tonquin" arrived at their destination in March, 1811, and built Fort Astoria, the first permanent American settlement on the Pacific Coast. After many hardships and loss of lives the overland party arrived in the winter of 1811. Due to the War of 1812 and the loss of relief ships, the fort passed into the possession of the British, but was restored to the American flag in 1818.

Astoria today is a modern city of about approx. 11,000 population, the commercial, financial and shipping center of the Lower Columbia River district of Northwestern Oregon and Southwestern Washington. Most of the Astoria business district was rebuilt following a disastrous fire in 1922 and its stores and office buildings are a credit to a city of its size.

At the larger waterfront docks ocean liners load for ports around the world. Astoria Bridge (a new 4.1 mi-long bridge crosses mouth of Columbia) across the Columbia River connects the highway systems of Oregon and Washington.

Astoria's hotels, restaurants, garages and a modern retail shopping district furnish a complete, satisfactory service to the traveling public.

Basic Industrial Resources

Astoria is the headquarters of the Columbia River fishing industry. Plants located in or near Astoria produce canned, frozen and cured salmon, fish meal and oil with an estimated value of $30,000,000 annually. A newly developed industry, steadily growing in economic importance, is the tuna fishing and packing industry. White meat albacore tuna are caught by deep-sea trollers beyond the mouth of the Columbia River in the Pacific Ocean, and the majority of salmon canneries have facilities for tuna canning also.

Timber, several varieties, all growing to immense size, forms the basin of a large logging and lumbering industry in Clatsop County. Fir, hemlock, spruce and cedar grow thickly on the slopes of the Coastal Range. The logs are hauled by motor truck to tidal streams, then towed to Columbia River sawmills. There they are made into every kind of lumber or converted to other wood products, such as veneer, plywood, shingles, pulp and paper, eventually going to markets all over the world.

Agriculture—highly specialized, producing top quality, high value crops--is concentrated mostly along the Columbia River and its Tributaries and in coastal river valleys. The principal dairy farms are stocked

with herds of high producing agricultural activity. Dairying and beef cattle are favored by a long period of green pasture, large yields of root and forage crops.

Other important agricultural products are eggs, poultry, bent grass seed, cranberries, bulbs and vegetables.

Climate

The geographical location of Astoria produces a mild equable climate, spring-like most of the year. There are no extremes of heat or cold. Temperatures below freezing are usually of only a few days' duration and there are no summer "heat waves" or drought periods. The average frostless growing season is nearly ten months. The mean maximum temperature in December is 43. The average annual rainfall is about 79 inches, most of which falls between November 1st and March 1st.

Recreational Attractions

Astoria is at the center of a beach resort recreational area along the Oregon and Washington coasts north and south of the Columbia River. The Clatsop beaches offer the vacationist and tourist unequalled opportunity for rest and recreation. Southward from the Columbia River for thirty miles reach the smooth, surfwashed sands of the beaches.

Along this stretch of interesting ocean front are located the resort communities of Seaside, Gearhart, Hammond and Cannon Beach. There are accommodations to satisfy individual desire or fit any expense budget--modern hotels, comfortable cottages, auto courts or camping sites. The restaurants and markets offer all kinds of fresh sea food and garden vegetables.

Many interesting and historic tourist attractions are to be found in and near Astoria, including the famous Astoria Column, Columbia River Maritime Museum, Fort Clatsop, Fort Astoria, Fort Stevens State Park, the wreck of Peter Iredale, Saddle Mountain State Park, Ecola State Park, Clatsop County Historical Museum, Lightship Columbia, Coast Guard Cutter Yocona, plus many other attractions for the tourist.

The Astoria Area Chamber of Commerce, 270 14th Street maintains an information service for tourists and others interested in Astoria and Clatsop County. Booklets, maps and other materials are available free to inquirers.

SEASIDE

(Courtesy of Chamber of Commerce)

The City of Seaside is located on Clatsop Beach at the Junction of the Necanicum and Neawanna Rivers 79 miles west of Portland via the Sunset Highway. Seaside is the most important beach resort in the Pacific Northwest on the Pacific Ocean and has a permanent population of 4,500 with as high as 30,000 visitors during the summer months. Seaside is the home of the Miss Oregon Pageant which is held in Seaside each summer. The city is served by the Greyhound Motor Stages and the Harbor Air Lines. From Portland it is little more than 1½ hours' driving time to the resort city officially designated as the "End of the Lewis and Clark Trail."

SEASIDE, unlike Gearhart, was not at any time intended to be a small, rural farming community. From the day of dynamic Ben Holladay's arrival on the scene in 1871, Seaside was destined to become what it is today: "Oregon's leading resort city by the sea!"

Ben Holladay, shipping magnate, stage coach operator and railroad builder, bought a large land claim and constructed the Seaside House, a famous hotel for which the city was finally named. Holladay's lavish hotel was surrounded by a stable of fine horses, barns and a race track. Cages of wild animals were on display nearby and tame deer wandered the grounds at will.

A trap in the Necanicum River provided fresh fish each day. A flag flew from a flag staff atop the hotel, to be saluted by the firing of cannons aboard Holladay's steamers as they journeyed up and down the coast. Seaside became known as the "The Coastal Capital of Oregon." The title still stands.

In 1920, Seaside's famed paved Promenade was built. It extends more than 8,000 feet along the city's ocean frontage property. The Prom affords stollers majestic views south to Tillamook Head, east to picturesque Saddle Mountain and west to the blue Pacific.

Driving west on Seaside's Broadway Street, one reaches Seaside's popular ocean-view "Turnaround,"a point officially designated as the end of the Lewis and Clark trail. The "Turnaround" is just a few blocks north of the Lewis and Clark salt cairn where, in the winter of 1805-06, men boiled sea water day and night in a successful effort to keep their Fort Clatsop party provided with salt. The salt cairn has been restored at its original site. Many other points of historical significance are located within the city.

For the recreation-minded, the Seaside area offers all an Oregon coastal community can offer, from surfing and clamming to golfing and horseback riding. If you like your fishing nearby, walk a few blocks to the Necanicum River. It flows practically through the center of Seaside, and produces some of the finest salmon and steelhead fishing in the state.

The Seaside Civic and Convention Center was completed in 1972 and has since accommodated thousands of people at conventions and special events with the number growing every year.

GEARHART

A Post Office on the Burlington Northern Railway; 15 miles southwest of Astoria and 3 miles from Seaside, Gearhart has a population of 875.

GEARHART, in 1849, was the home of two adults, four children, four cows, two calves and two American mares. It was the home of the Philip Gearhart farm, and the area remained primarily a farming community until the Gearhart Park Company was formed in 1913 "to establish and maintain a beach resort." Capital stock of $300,000 was sold and the area did indeed become a beach resort.

Situated just north of Seaside off U. S. Highway 101 on the shores of the Pacific, Gearhart now lures more and more vacationers and conventioneers each year with elegant accommodations and excellent restaurants and cocktail lounges. The Gearhart beach is highly acclaimed for its productive surf and dory fishing and clamming. Also of interest to outdoorsmen are Gearhart's 18-hole public golf course, its riding stables and easy access to nearby camping, hunting, fishing and water skiing.

HAMMOND

Population 550

HAMMOND was incorporated in 1899 under the name of New Astoria. But since A. B. Hammond, an early community leader had most of the town's public buildings named after him, voters in a 1915 public election cast their votes in favor of putting a stop to the confusion and named the entire town after him.

One half mile from Hammond is Fort Stevens, built during the 1860's to guard the entrance to the Columbia River. Battery Russell at Fort Stevens was the only fortified spot in the United States to be fired upon by the Japanese in World War II. Also located at Fort Stevens is the wreck of the Peter Iredale. This was a British bark of 2,075 tons which was stranded on Clatsop beach, October 25, 1906.

WARRENTON

The City of Warrenton, with a population of 2,000, is located in the northwest section of Clatsop County. The city was incorporated in 1899, and operates under the City Manager plan of government. The Skipanon River, a navigable stream, is used by ocean going vessels for the transportation of lumber and by local fishing fleets. The stream being located through the industrial district and directly connected to the Columbia insures a fishing industry and seagoing commerce to all industries requiring it. There is a complete grade and high school system as well as adequate churches. Railway freight transportation is by the Burlington Northern Railway.

WARRENTON, in 1899, was named for Daniel Knight Warren who owned 160 acres at the present site of the city. His hired Chinese laborers hand-built a dike two and one-half miles long on the Skipanon River, and soon thereafter Warrenton became the thriving fishing community it remains today.

Visitors are welcome at Warrenton's commercial packing houses where they will be interested in seeing firsthand the care given to the canning, freezing and packaging of crab, salmon, tuna, shrimp and bottom fish.

Dante & Russell Inc. has one of the newest and most modern lumber mills in the Pacific Northwest.

HOW TO USE YOUR CITY DIRECTORY

The major departments in the Directory are arranged in the following order for ready reference:

1. INDEX TO ADVERTISERS
2. INTRODUCTION
3. BUYERS' GUIDE
4. CLASSIFIED
5. ALPHABETICAL SECTION
6. HOUSEHOLDERS' and STREET GUIDE

Particular attention is directed to four symbols as being important contributing factors in supplying complete information. They appear as follows: ALPHABETICAL SECTION, "h"—Householders, "r"—Resident, HOUSEHOLDERS' AND STREET GUIDE, "Δ"—Telephone Subscriber, "C"—Homeowner.

Out of Sight--Out of Mind

☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

☆

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

Our Service Cannot Be Excelled

R. L. POLK & CO.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of R. L. Polk & Co. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertising or subscriptions.

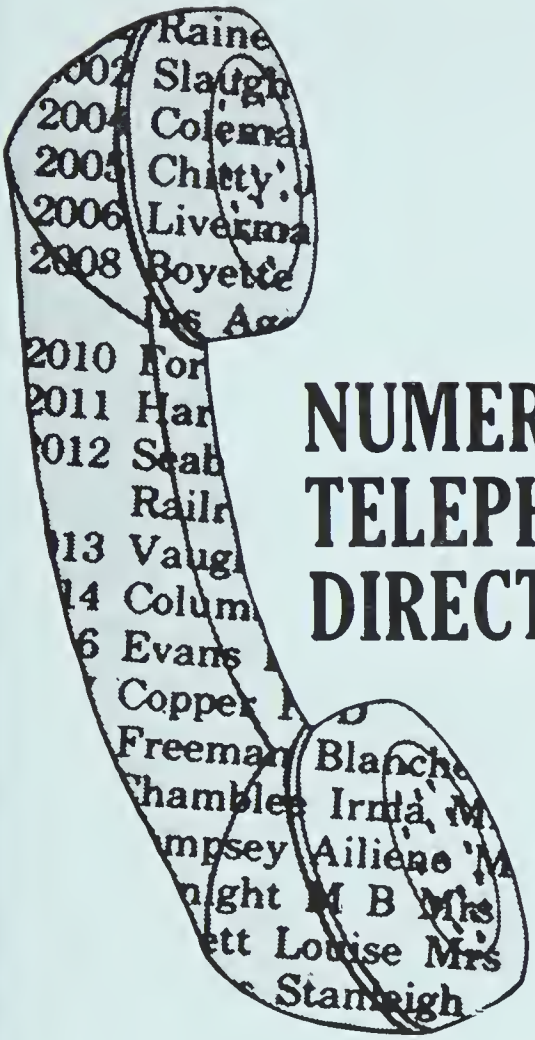
Do your employers furnish you with the latest edition of the City Directory

?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."



NUMERICAL TELEPHONE DIRECTORY

The Telephone Numbers and names in this Directory were supplied to us during our regular door-to door canvass.

This Directory is designed to assist you in providing additional information when only a telephone number is available.

NUMERICAL TELEPHONE DIRECTORY
BLUE PAGES

This Directory takes the "mystery" out of blind numbers. It lists telephone numbers in numercial sequence, making it easy to "decode" blind phone numbers in classified ads—especially valuable for real estate agencies, used car dealers, etc.

WHAT'S IN A PHONE NUMBER?

ABOUT THE FIRM:
Who called me? When your call back message gives a telephone number only—or includes a common surname such as Jones, Smith, Brown, etc.—this Numerical Telephone Directory will assist in determining correct firm name. Make use of both Alphabetical and Street Guide information to establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have needed records, file or correspondence on hand before returning call.

ABOUT THE INDIVIDUAL:
Who called me? When only a telephone number is known, this Numerical Telephone Directory will assist in determining the name of the subscriber—with this information combined with other sections of your City Directory you may quickly establish such information as wife's name, place of employment, job title, home address, business address and telephone number.

MR. CITIZEN!

CORRECT INFORMATION

IS VALUABLE TO YOU!

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

POLK'S AUTO REGISTRATION LIST Automatic selection of your prospects by the most practical "mass income" yardstick ever devised.

POLK'S CHILDREN LIST Automatic selection of families in your trading area by number of children and by median family income.

POLK DIRECTORIES Uniquely thorough coverage of homeowners and business firms in your city and more than 5000 other cities and towns.

POLK SPECIAL LISTS Manufacturers, wholesalers, retailers, Government officials, contractors, engineers, barbers, dentists, dairies, 35,000 special categories in your market area or across the nation.

We will handle your entire promotion or any phase of it—from the selection of your most productive market and the creation of your mailings right through to the printing, addressing and mailing.

A STATEMENT OF ADVERTISING PRINCIPLES

1. Good Advertising ~ aims to inform the consumer and help him to buy more intelligently.

2. Good Advertising ~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. Good Advertising ~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. Good Advertising ~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

EVERY STORE

should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer expects.

The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

Serving Clatsop County Continuously

For 75 Years

There's more to a sign than meets the eye . . .
There's the company behind it . . . and that means people.
In Oregon that adds up to over 450 people in 36 offices
throughout 24 counties.
Then there's the Financial Assets, Reputation,
Years of Experience, Integrity . . .
But most of all . . . Good People . . . Your Kind of People. . . Nationwide!
